

Dear FCC,

I'm sending this email to you to oppose the weakening of Indiana's law on the telephone privacy act. Banks should not be allowed to test this law, it is for the protection of us, the citizen of Indiana. If you allow them to call whenever they want it will just start a cycle of others that will follow. For other companies will find a loophole and use it to bother the citizens of Indiana. My wife and I oppose strongly this measure, I for one am currently undergoing cancer treatments, I do not want to be bothered on the phone nor my wife. Please oppose this type of intrusion on our privacy.

Sincerely,

Sylvester and Susan Bay
